

Vijayalaxmi Barge

Data Analysis, AI & ML
Proficient in English

[Chinchwad, Pune, India.](#)

[+91 8552092282](#)

bargevijayalaxmi@gmail.com

PROFILE

Aspiring Data Analysis pursuing B.E. in AI & Data Science with hands-on experience in machine learning, data analytics, and dashboard creation. Proficient in Python, Power BI, and ML frameworks. Demonstrated ability to build end-to-end data-driven solutions through real-world projects and internships in software testing, cybersecurity, and web development..

EXPERIENCE

KPIT , Pune — Trainee

June 2024- November 2024

- Worked with CANoe for software testing in automotive testing.
- Skilled in automated testing and ECU simulation.
- Capable of producing detailed test reports for compliance and analysis.

Lans Info System , Pune — Employee

October 2023 - June 2024

- Software Tester: Conducted manual and Automated testing to ensure software quality. Identified, documented, and resolved bugs to improve system performance.
- Wordpress Development: Designed and customized Wordpress website using themes and plugins. Optimized site performance, responsiveness, and user experience.
- Domain and hosting: Managed domain registrations, hosting configuration and migrations. Troubleshoot server and DNS issues to ensure seamless website functionality.

Compshiksha Infotech, Pune — Intern

June 2023

- September 2023

- Worked with the operating system Kali Linux.
- Encryption and Decryption of data using tools.
- Familiar with numerous tools, including Nmap(network scanning), Metasploit(exploit development), Wireshark (network analysis) , and Burp Suite (web application testing).

SKILLS

Communication Skills

Microsoft Office

Computer Skills

Customer Service

Time Management

Effective Time Management

Ability to Work Under
Pressure

Adaptability

Leadership Skills

Fast Learner

CERTIFICATION

ETHICAL HACKING
WORKSHOP

FRONT END DEVELOPMENT

ISTQB FOUNDATION LEVEL

CAMBRIDGE ESOL A2

IOT WORKSHOP

AGILE ESSENTIALS

PROGRAMING LANGUAGES
LIKE C, C++, PYTHON,
BOOTSTRAP

NumPy , Pandas , MySQL

SQL , Excel, Power BI , Tableau

Statistics , Probability

EDUCATION

G.S. Moze College of Engineering, Pune — B.E.

July 2024 - Present

Pursuing an engineering degree in Artificial Intelligence and Data Science.

Rasiklal Manikchand Dhariwal Institute of Technology, Pune — Diploma

June 2021 - June 2024

Completed a diploma in computer science engineering with an aggregate of 83 percent.

Pratibha International School, Pune — CBSE

June 2021

Completed Secondary Schooling from CBSE.

PROJECT

Stock Market Prediction AI Bot – Built an ML model to predict next-day stock prices using supervised learning, deployed using Flask & Streamlit.

Image & Text Encryption-Decryption Model – Designed and implemented a secure model for encrypting and decrypting both images and text using cryptographic algorithms (AES/RSA & custom logic). Ensured confidentiality and controlled access for data security.

SKILLS IN AI & ML

Machine Learning:

Regression, Classification (SVM, Decision Trees, Random Forest, k-NN, Naïve Bayes), Clustering (k-Means, DBSCAN), Dimensionality Reduction (PCA, LDA)

Deep Learning:

Neural Networks, CNN, RNN, LSTM, Backpropagation

AI Fundamentals:

Search Algorithms (BFS, DFS, A*), Heuristic Functions, Constraint Satisfaction Problems, Bayesian Networks, Markov Decision Processes

LANGUAGES

English, Hindi, Marathi
